FPA Announces 2025 Board of Directors
The Board assumed directorship on March 5, 2025

Annapolis, Maryland: March 28, 2025 – The Flexible Packaging Association (FPA), the leading advocate and voice for the growing U.S. flexible packaging industry, is pleased to announce the election of its 2025 Board of Directors. Russell Grissett, President and CEO of TOPPAN Packaging Americas, has been elected as the new Chair of the Board of Directors. He succeeds William (Bill) Jackson, Ph.D., Chief Technology Officer of Amcor Flexibles, who served as Chair from March 2023 to March 2025. David Love, Chief Strategy Officer at Printpack, has been re-elected as Treasurer.

The 2025 Board of Directors was elected by FPA voting members via ballot for a one-year term, with the exception of the Chair's two-year term. The newly elected members assumed their roles on March 5, 2025, during the FPA Annual Meeting, held March 5-7 in Miami, Florida. The 2025 Board is composed of industry leaders from 29 flexible packaging companies.

Ron Cotterman, Vice President of Global Corporate Affairs at Sealed Air Corporation, has been appointed to the Executive Committee. Additionally, the newly appointed Directors include Bob Gargione, President of Pregis; Ray Graham, CEO and President of American Packaging Corporation; and Gary Rzonca, Senior Vice President of North America—Packaging at Henkel Corporation.

"FPA is excited to welcome our new members to the Executive Committee and Board of Directors," says Grissett. "Their extensive industry knowledge and exceptional leadership will be key in advancing the association's ongoing success. As we celebrate FPA's 75th anniversary, we reflect on how the association has been at the forefront of the flexible packaging industry—driving innovation, shaping public policy, and fostering collaboration across the supply chain. What began as a vision among industry pioneers has grown into a dynamic force, poised to lead for the next 75 years with resilience, ingenuity, and an unwavering commitment to progress."

About the Flexible Packaging Association (FPA)

The [Flexible Packaging Association](http://www.flexpack.org) is the voice of the U.S. manufacturers of flexible packaging and their suppliers. The association's mission is connecting, advancing, and leading the flexible packaging industry. Flexible packaging represents over \$42 billion in annual sales in the U.S. and is the second largest, and one of the fastest-growing segments of the packaging industry. Flexible packaging is produced from paper, plastic, film, aluminum foil, or any combination of those materials, and includes bags, pouches, labels, liners, wraps, rollstock, and other flexible products.
