FPA Announces 2026 Board of Directors

The Board assumed directorship on March 18, 2026

Annapolis, Maryland: April 7, 2026 – The Flexible Packaging Association (FPA), the leading advocate and voice for the growing U.S. flexible packaging industry, is pleased to announce the election of its 2026 Board of Directors. Russell Grissett, President of Food for Sealed Air Corporation, will continue to serve as Chair of the FPA Board of Directors. Kevin Keneally, Chief Executive Officer of PPC Flex, has been elected Executive Vice Chair, and David Love, Executive Vice President & Chief Strategy Officer at Printpack, has been re-elected Treasurer.

The 2026 Board of Directors were elected by FPA voting members via ballot for a one-year term, with the exception of the Chair's two-year term. The newly elected members assumed their roles on March 18, 2026, during the FPA Annual Meeting, held March 18–20 in Orlando, Florida. This year's Board comprises industry leaders representing 26 flexible packaging companies.

Re-elected Board of Director, Evan Arnold, President of Glenroy, Inc., and newly elected Board of Director, Dhuanne Dodrill, President & CEO of PAXXUS, Inc., have been appointed to the Executive Committee. Newly elected Directors include Pallavi Joyappa, President, Emerald Packaging, Inc.; Chris Osborn, Vice President, R&D, Amcor Flexibles; and Chris Simmers, President of Operations, Mondi.

"FPA is excited to welcome our new members to the Executive Committee and Board of Directors," says Grissett. "Their extensive industry knowledge and exceptional leadership will be key in advancing the association's ongoing success. FPA has long been at the forefront of the flexible packaging industry—driving innovation, shaping public policy, and fostering collaboration across the supply chain. What began as a vision among industry pioneers has grown into a dynamic force, poised to lead with resilience, ingenuity, and an unwavering commitment to progress."

About the Flexible Packaging Association (FPA)

The [Flexible Packaging Association](http://www.flexpack.org) is the voice of the U.S. manufacturers of flexible packaging and their suppliers. The association's mission is connecting, advancing, and leading the flexible packaging industry. Flexible packaging represents \$51.5 billion in direct economic impact in the U.S. and is the second largest and one of the fastest growing segments of the U.S. packaging industry. Flexible packaging is produced from paper, plastic, film, aluminum foil, or any combination of those materials, and includes bags, pouches, labels, liners, wraps, rollstock, and other flexible products.
